Highway maintenance scheme • September 2026

Launceston Carriageway Repair Works

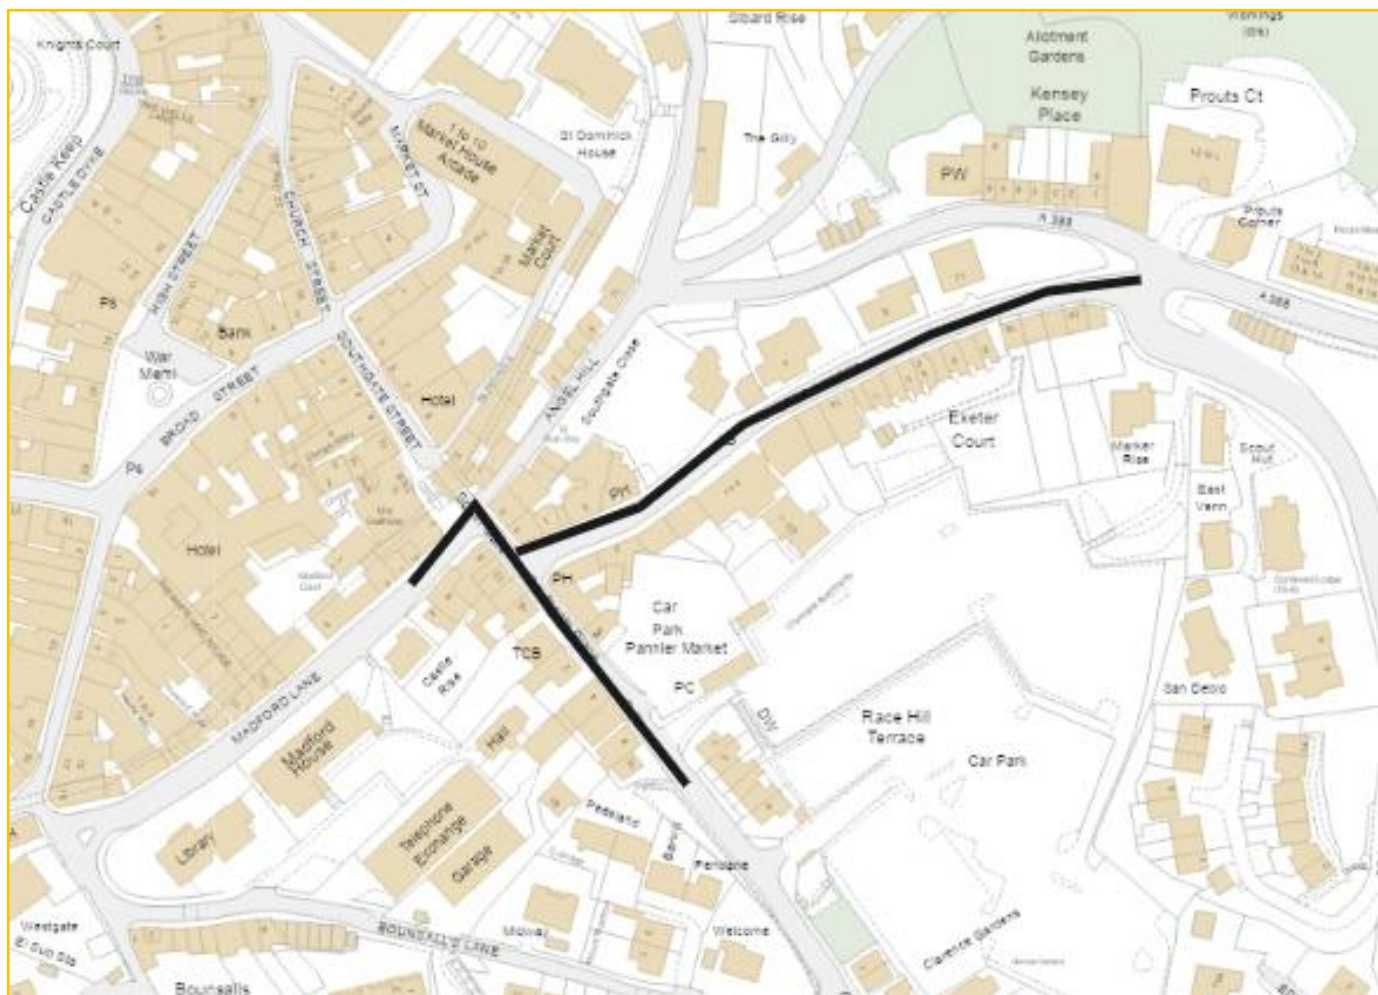

As part of our highways maintenance work, a road closure will be in place on Exeter Street, Southgate Street & Madford Lane, Launceston from **Friday 25th September** while work is carried out to repair the carriageway surface. The closure will be in place from **19:00 -04:00** each week night and is expected to take up to **two weeks** to complete.

During working hours, a Clearway Parking Zone will be in force along the full extent of the site. Any vehicles parked in the signed areas during this time will be towed & charges will apply. Any designated parking bays within the area will be suspended. Please see the reverse for more information.

We know that noise associated with night-time working can cause disruption to residents and we understand this can be frustrating. Please be assured we aim to complete the noisiest operations as early as possible and will try to minimise any impact should the works overrun due to unforeseen circumstances.

We will have marshals on site to support residents and businesses needing local access. All through traffic will need to follow the diversions in place.

Emergency access will be maintained at all times.

Delivered by

Thank you for your patience while these works take place.
